Shirts to Order.

We take it that you are particular in dress—that you like your shirts made to special measure with extra careful making and “just right” fit.

Such men should know of this store's facilities for turning out perfect fitting shirts—should know that we employ the most skilled artists, and that we show at all times a most complete line of white and fancy shirtings, and guarantee a perfect fit, assuming the entire loss if shirts are not satisfactory.

White Shirts.

\$1.50 to \$3.00, the latter being made of English Longcloth.

Madras Shirts.

Of fabrics from the looms of the leading Scotch weavers, \$3.50 each—cuffs attached or detached.

thus making the day of the "University Smoker" a general holiday. Dr. Needham realizes the great advantages to be secured from united student effort of this kind both to the University and to the students individually and wishes to aid the "Smoker" idea in every way he can. This eliminates the last reason anyone could have for staying away from the "Smoker" and bids fair to make it the largest and most successful thing of its kind ever attempted. It is now up to the students to show their appreciation of Dr. Needham's generosity in this matter and at the same time have the best time of their lives by attending the "Smoker."

The plan is to form an immense parade at University Hall headed by one of the large Sight Seeing Automobiles in which members of the faculty and class presidents are to ride. Next will come the Marine Band, if it can be secured, and then the students of all the departments, formed in classes. The parade will be in charge of a marshal with a deputy marshal from each class. The class buying the most tickets will come first in the post of honor carrying the new University Flag. The line of march will probably be over some of the principle streets down to Pennsylvania Ave. and up to the armory where the festivities will begin and one may rest assured that the fun will be fast and furious until the early hours of morning as the Hall is engaged for all night and the stock of refreshments, both liquid and solid will last as long as the crowd does. At the armory there is an exceedingly well fitted stage upon which will be produced the "Stupendously Spectacular Specialities" of each class amid rapidly rising risibility and reverberating roars of laughter until the stentorian tones of the crowing cock is heard and the six o'clock whistles calls the unfortunate mortal to another day of dreary drudgery after a never to be forgotten night spent in jollity and revelry such as one only finds in college life. Save a dollar and a half of your next slice of pay and invest it in the biggest chunk of fun, sport and amusement you ever got for the money.—*The Press Committee.*

Tickets for the Smoker on sale as follows; Departments of Medicine and Dentistry Office, Hawes Book Stand, Wm. H. Smith, Jr. College: Ass't. Treasurer's Office, Harry E. Collins, R. B. Atkinson.

Law: Jackson Morris, and on sale in lobby everyday at 6:30.

Base Ball

After three weeks practice in the gymnasium of the National Guard Armory, the base ball candidates will appear on the field today for their first outdoor work at Van Ness Park. Dr. White has put the men through thorough preliminary exercises and has kept the candidates for the battery positions hard at work. Each evenings practice has been closed by a series of short sprints and a run as a test for exposing possible cigarettes smokers and for putting the men in better condition for outdoor work.

A large number of men have reported for practice. For the battery positions the material at hand is most promising. Hutchinson who played on the Gunton Temple Church team last year; Thomas who was a member of Mt. Vernon's Church team, Holland and Burkett, two Medical men, who played on the team last year, Shaw a Law man, and one or two others are competing for the place at the rubber. Another Medical man Mr. Shay, is a likely man for the box should he decide to come out for the team. For the backstop position Bradley of the Fourth Presbyterian Church team, High, a Third year Medical man, Weber a First year Medical student, Loving from the Law Department, and Wilkie last year's catcher, have reported as candidates. With this amount of material to draw from the battery positions are well provided for and the next two weeks will enable the coach to size up the most likely candidates.

The first base position probably will be contested between Webb, of the Law Department and Sheep from the Medical School. Both men have good records as amateur players and Sheep played first base on North Carolina team two years ago when that team defeated Georgetown.

Second base is an open position for which material is needed and for which a number of possible candidates are expected to report as soon as regular work is begun on the field.

For shortstop few men have reported. Van Vliet the popular little end on last years' foot ball team is out for the place, and Price and Orison are possibilities at that position.

For third base Bielaski and Douglass are expected to report for practice. Bielaski has been out for work in the gym only a few evenings but is expected to report at University field for regular work.

The fielding positions are uncertain quantities at present. McMahon last year's player, and Price are each looking toward one of the fielding positions. Wilcox, last year's right fielder is also a candidate who has been working in the gymnasium. A number of candidates have stated their intention of beginning practice as soon as the team begins work at the park. The review of names given here includes only those who have been out for work in the gymnasium. Some of the men who were down only a few evenings are omitted for the reason that their names were not obtained. Coach White is confident that he will be able to send a winning team to Annapolis one week from Saturday. The team will play the Washington League at American League Park on April 5. The complete schedule of games is as follows:

- Mar. 25—U. S. Naval Academy, at Annapolis.
 31—Villanova College, Univ. Field.
 April 4—Pennsylvania State, Univ. Field.
 5—Wash. League Club, Am. League Park.
 8—Johns Hopkins, Univ. Field.
 17—Roanoke College, Salem, Va.
 18—Washington and Lee, Lexington, Va.
 19—Univ. of Virginia, Charlottesville, Va.
 20—Williams College, Univ. Field.
 26—Syracuse College, Univ. Field.
 29—Georgetown, Georgetown Field.
 May 6—Gallaudet, Univ. Field.
 13—Virginia Mil. Inst., Univ. Field.
 17—Commissioners, Univ. Field.
 23—Dickinson College, Univ. Field.

A practice game will be played on University Field with St. Stephen's, a church league team on April 24.

The Annapolis Game

The first game of the season will occur on March the twenty-fifth, being the annual game between this University and the Naval Academy at Annapolis.

As usual a special car will be attached to the regular train and special arrangements made for the accompanying rooters. The exact time of starting has not yet been settled but the return will be made immediately after the game, the train reaching Washington at six fifty.

The fare found trip will be one dollar and fifty-six cents and no admission is charged to the game at Annapolis. The trip is being worked up by the management for all it is worth and a big delegation is expected to be on hand to see the first game won.

The season tickets for base ball are now out, every student and member of the faculty is requested if not expected to buy one. The change in price of the tickets from \$1 to \$1.50 was due to the fact that since the first price was determined three or four important games have been scheduled, making the total list of ten games.

Track News

Plans are now well under way for the First Annual Outdoor Inter-Class Meet, which will be held at University Field, April 15th, 1905.

As this will be our first Inter-Class Meet, no efforts will be spared to make the occasion a most successful and memorable one. There is plenty of material in the University in the way of track men, and it is expected that this meet will mark the debut of many who will in the future take a leading part in track athletics.

The schedule of events has not been entirely completed, but it will include a 100-yard dash, a quarter mile, a half mile, 120-yards hurdles. There will also be field events, including pole vaulting, running high jump, running broad jump, and shot put. In addition to the above each freshman class will be represented by a relay team. In this connection, every other class in the University is urged to turn out, if possible, a relay team, and the management states it will guarantee a match which will be entirely satisfactory. There will also be a race between relay teams representing the College, Medical Department and Law Department, respectively. Each member of a winning team will receive a medal, as will also every man who wins any open event. There will also be given as a prize, a Class Cup, to the class scoring the greatest number of points during the meet, on which will be engraved the class numerals of the winning class.

All who desire to train for this meet may do so under the supervision of the track team coach, Captain Bryan, every afternoon after 4:00 P. M. at Washington Light Infantry Hall. Preparations will be made at once for outdoor work to commence as soon as the weather will permit.

Intercollegiate Debate Control

At a special meeting of the President's Council held Monday evening, March 6th, there was some discussion of the interest of the University, as a university, in intercollegiate debating, and of the need of some provision looking toward uniformity and efficiency in this department of the activities of the institution. For the present academic year three debates have been arranged for, two of them already past, and it is highly probable that hereafter there will be at least three intercollegiate debates each year. Whatever and however teams are chosen to participate in these debates, the outside public will inevitably regard them as representing George Washington University, even though they may really represent merely one of our literary or debating organizations and not the institution as a whole. It is therefore exceedingly important that, as the debating teams which are selected will be regarded as representing the whole University, some care should be taken in the choice of men for the teams as well as in the selection of questions and judges. These matters, however, cannot be safely entrusted exclusively to individual debating or literary organizations in the University, but should be placed in the charge and control of a representative committee, representing the entire institution and prepared to give to these matters the most careful and deliberate attention. Above all, the faculty should have some representation upon this committee for precisely the same reason that it has a voice in the management of athletics matters, especially intercollegiate base ball and foot ball; for the University is judged quite as much by the character of its intercollegiate debating as by the character of its intercollegiate athletics, and it is the right and duty of the faculty to take all necessary precautions to safeguard, and as far as possible to promote, the reputation of the University among the general public.

For these reasons it was voted that "henceforward the intercollegiate debating interests of the University be in the charge and under the control of a committee consisting of two members of the Faculty, appointed by the President, two representatives of the general alumni association, and one representative from every society or organization connected with the College which pursues as one of its objects the systematic encouragement of argumentation and debate; provided that no

organization shall be represented upon this committee unless it has twenty-five or more members in full and regular standing; provided, moreover, that each organization of this nature, as well as the alumni association shall elect its representative or representatives in such manner and for such periods as it may itself determine."

Under careful supervision, and with the present degree of interest in debating at the University, it is not unlikely that we shall be able to make an enviable record in this department. Next year, in addition to debates with Virginia, Washington and Lee, and Georgetown Universities, it is not unlikely that there will be a debate with one of the largest Northern Universities.

Columbian College

At the call of the Committee on Constitution, appointed last week, the Civil Engineering students of the University met on Tuesday evening at 6:30 in West Hall.

Through Mr. Dunstan, the chairman, the Constitution Committee submitted its report which after discussion and amendment was adopted. The Constitution provides that the organization shall be known as "The Civil Engineering Society of the George Washington University."

In accordance with the Constitution, the Society then proceeded to the election of officers with the results as follows, President, Mr. E. V. Dunstan; Vice-President, Mr. W. F. Faustman; Secretary, Mr. C. H. Tompkins; Treasurer, Mr. H. E. Collins; Chairman Program Committee, Mr. Adams.

A motion was then carried to elect all the Professors of the Civil Engineering University to honorary membership, and another that the members of the faculty attend the coming University Smoker in a body.

The attendance was large and the Society received a splendid start.

On Monday evening March 13th at 7:30 o'clock, pursuant to the notices which had been prominently posted on the boards for a week prior, the Electrical Engineering students assembled in West Hall for the purpose of effecting an organization devoted to their interests. Prof. Betts, Assistant Professor in the Electrical Department and secretary of the local branch of the American Institute of Electrical Engineers was present and the electrical students were there to a man.

Mr. Sugg of the Senior Class was nominated and elected chairman. On motion of Mr. Woodward, that a committee be appointed to draw up a Constitution and By-Laws for the proposed organization, the chair appointed as a committee, Mr. Smith, Mr. Woodward and Mr. Stabler.

The suggestion that the body organize as a student branch of the American Institute was put forth and made the subject of a long discussion. Prof. Betts explained the benefits to be derived from such amalgamation and volunteered to ascertain just how such standing could be brought about.

After further discussion upon this point, Mr. Matthews moved that the body organize for the present as an independent club without the preset view of becoming associated with the Institute, which motion carried unanimously.

The objects, of the organization, the name etc., were all discussed at some length and the members endeavored to give as many suggestions as possible for the aid of the committee in drafting the Constitution.

At 8:30 the meeting adjourned until, 7:30 on Saturday evening.

A New Photographer

We have had the pleasure recently of visiting the studio of Harris and Ewing, 1311 F street.

It is a new firm and their work and elegantly appointed quarters are attracting many patrons. Our attention was called to a picture of the George Washington University Canoe Club which they have taken for the "Mall."

The individuals are tastily grouped and the artistic appearance and general effect is splendid. This is but one of the many groupings that are being done by this firm for the year book. It is well worth the time of any one to step into the studio at, 1311 F street, and examine the fine specimens of photography thereon exhibition. A cordial welcome is always held out to University students whether on business or not.

UNIVERSITY SMOKER

March 23

Delta Tau Delta

Delta Tau Delta entertained on Saturday evening last at Chapter house 1902 H St., at a informal "at home". About sixty were present in all, including the chapter members, some alumni and friends. After a short musical program the floors were cleared and dancing continued for the remainder of the evening.

The plans for the Smoker have now been entirely completed and are given in full in another part of the paper. Success is assured in every detail if the student body turns out as expected. The last Smoker given two years ago at the Willard brought out the students to a man and the memory of that event will surely bring out those who attended it. Never in history of the University was there such a display of University spirit and enthusiasm as on that night.

There are many reasons why this University Smoker should command the support of the entire student body. Everyone who goes may be sure that he will have the finest time he has had or will have for some time. This is the only occasion when the students can meet all their brothers from the different departments and see just what sort of fellows they are—to get to know the men outside their own class. It will broaden ones view of what University life as a whole really is and of how large and full of vitality the infant George Washington University really is.

So by all means come out and attend the University Smoker of March 23rd next.

Few of our readers may appreciate the high standing of the merchants and business men who make use of our columns. We desire to here present them in array and to say that

they are all reliable and up to date firms. Each is a friend of the University and each shows it in a substantial way. You will do well to deal with them. The following is the list of our advertisers so far this year.

Notices

On Friday evening the regular election of officers for the second term will be held in the Needham Debating Society. The question for debate is—"Resolved, that the Inter-State Commerce Commission should be vested with power to execute its findings."

All Electrical Engineering students are urged to come out on Saturday evening at 7:30, West Hall.

On Friday evening, March 31st, 1905, a concert will be given at Rauscher's, under the auspices of the ladies of the College, for the benefit of Track Athletics. The program which has been arranged is a very good one, consisting of selections by the different musical organizations of the University, as well as solos by those well known in University musical circles, and it is earnestly hoped that the student body will manifest their interest in Track Athletics by attending this concert.

**All copy must be in by
Tuesday
morning at ten o'clock.**

University Congress

The Congress on Saturday evening last was called to order by Speaker H. M. Caldwell, of Tennessee, and after a reading and adoption of the minutes of the previous meeting, Mr. Merritt, of Arkansas was recognized to open debate in favor of the bill to abolish capital punishment in the District of Columbia, and to substitute life imprisonment therefor, in cases in which capital punishment is now the penalty. He was followed by Mr. Cohen, of Wisconsin who opened debate for the opposition to the measure. General debate of the bill then followed, being participated in by Messrs. Nixon, of New Hampshire; Kennedy, of Pennsylvania; Christian, of Indiana; Bone, of Illinois; Rickard, of Hawaii and Layne, of Ohio. A motion to extend the time of general debate was voted down and the chair then recognized Mr. Sell, of the District of Columbia who closed the debate for the opposition to the measure. Mr. Morris, of Kentucky, upon solicitation of the chair consented to close the debate in favor of the bill, in the absence of the assigned member of the team, and did so creditably. The bill was lost by a vote of 9 to 17.

Several bills were introduced and referred to proper committees.

On next Saturday evening the Congress will resolve itself into a Committee of the Whole House on the State of the Union. There will be no team or published briefs, but under the five minute rule, and the wide latitude of debate, each member may address his remarks to any question or questions which may appear to him to be of most importance to the whole country or any part thereof.

It is expected that at the next meeting three speakers will be elected to serve consecutively for the balance of the session ending April 29th next. This to enable to picture of such speakers as well as of the ex-speakers, to appear in the publication of "The Mall." There will be only seven more meetings of the Congress this session.

Debating Notices

The intersociety debate Friday between the Needham and Columbian Debating Societies, on the subject of the whipping post, resulted in a victory for the former, whose debaters spoke against the establishment of this mode of punishment.

In many respects this debate, the second of a series of three, was the most interesting of the year. Upon the result to a great extent hung the championship of the present session, as the Columbian Society won the first debate, and if they had secured the decision last night they would have captured the series.

One of the largest audiences which ever attended a debate at the University gave the closest attention to the arguments of the young lawyers, and the full merits of the whipping post were advanced by the Columbians and its evils pictured by the Needham in a most creditable manner. Senator Martin, in delivering the decision of the judges, complimented the young men upon their ability, and said they were a credit to the University.

The debaters were Messrs. Myers, Newmeyer, and Rhodes, of the Columbian Society, for the affirmative, and Messrs. Hellerstedt, Hickox, and Pharr, of the Needham Club for the negative. All six of the debaters made strong speeches, and were generously applauded by the supporters of the two organizations.

The judges announced their decision for the negative, and awarded first honors to Robert Baxter Pharr, of North Carolina, and second honors to Alvin L. Newmeyer, of the District of Columbia.

In the latter part of April the third debate of the series will be held, when the championship will be decided. Already the two societies are preparing for this, and will bring about the selection of their finest debaters and orators. The series last year was won by the Needham Debating Society.

A summary of the debate will appear in the next issue of the HATCHET.

Law Notes

With many manifestations of enthusiasm and hilarity the Second Year Law Class assembled on the steps last Friday evening and allowed its photograph to be taken for publication in "The Mall." A passing newspaper reporter was impressed with the judicial aspect of the class, and the The American Bar Association will no doubt get the credit.

The interest that is being shown by the Law School boys in the proposed University Smoker would seem to indicate that this department will not be lacking in the necessary support.

Last Saturday night, at an appropriate time and place, twenty members of the Law School assembled and re-formed the Tight Wad Club whose doings and insignia are peculiar unto itself. But the avowed object and mognum opus of this club is the holding of a Smoker of the entire Law Department in some hotel in the near future. This Smoker has been talked of among the presidents of the classes for a month or more, and is to be something entirely new and unique. A committee composed of Messrs. Flowers, and Stern was named to begin active work. The officers elected were: D. H. McLean, Tightest Wad; R. J. Dingley, Vice-Tightest Wad; R. I. Moore, Tighter Wad; Muhleman, Holder of the Wad.

The Mall

Seniors! have your pictures taken right away for the "Mall".

The measure of success which the Mall Board is able to attain depends in a large degree upon the co-operation and assistance given by the Seniors. It is the desire and intention of the Editor-in-Chief to have the picture of every Senior appear in the book, and the practical assistance which the upper classmen are able to give in this connection is very apparent. It requires but very little time to make a sitting, and with the photograph of every Senior in the hands of the engraver, the early publication of the "Mall" will be assured, and a load of care and work will be taken off the shoulders of the Editorial Board. There is an abundance of enthusiasm, but what is absolutely necessary just at present is the practical assistance of every Senior.

Our New Store is replete with up-to-date Men's wearables. Only the CORRECT things found here.

FRANK FULLER, A. B. (G. W. U.), Principal.

PARKER, BRIDGET & COMPANY.

THE MAN who buys a Parker-Bridget suit or overcoat finds the very limit of clothing satisfaction reached. His ideas of style, of fit, of quality, of good tailoring are met fully. He finds a higher standard attained than ever before.

Suits \$12 to \$35.

Overcoats \$12 to \$50.

PARKER, BRIDGET & CO.

HEAD-TO-FOOT OUTFITTERS.

Ninth Street and Pennsylvania Avenue

THE New Spring Woolens are very handsome. Some of the dressiest patterns have already arrived. Come in and look them over. Top Coats will be in demand first of all, and our prices begin at \$20.

A SPRING SPECIAL
FOR UNIVERSITY MEN

The Gatchel Serge Suit- ings to Order \$30

A FABRIC woven expressly for us and guaranteed not to fade or wear shiny. Most tailors would ask \$35 and \$40 for like quality. This will be our great Spring leader at \$30, and the suit will be built in the stylish long-cut model according to the latest Spring fashion plates.

Oriental Rugs

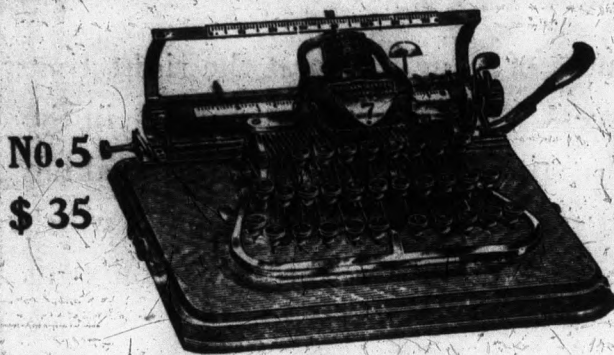

THE collection grows and grows here. We buy when we find specimens worthy of buying—and we seek specimens. The result is the largest collection of Oriental Rugs you will see. It is never found necessary to go outside of the stock right on show to find a rug to harmonize with any room's decoration.
